1208 Urban Smoke Folio Bryce 18/10

heightened senses, amplified presentation

Urban appeals to a sharper, city aesthetic where food is still tied to the traditional values of honesty, integrity and authenticity, but requires a slightly more formal, more defined and refined presentation style. Emulating a concrete look, Smoke is a new collection of tableware that takes its inspiration from the aesthetics associated with the act of cooking. The subtle and nuanced tones of grey contrast with the darker reactive elements to mirror the effects of browning and searing, creating a connection between the food and the plate.

6162 Birch 6160 Juniper Folio Carolyn 18/10

natural & eclectic

The new Adelaide Collection from Robert Gordon consists of two distinct reactive glaze finishes on embossed porcelain wares. Birch, with its crackled glaze effect is fired three times in order to achieve the glossy translucent, creamy white color with the natural clay body showing underneath. Juniper is a dynamic light blue hue in a satin finish. These finishes include dark brown reactive glaze edges and embossments for incredible color contrast, ultimately framing the food presentation.

casual city aesthetic in melamine

Inspired by the desire to carry like-patterns through various materials, Creations Melamine introduces Urban, a play on the original Steelite Performance Urban but with a melamine body. This exciting offering allows operators to extend their dining room foodservice presentation to outdoor rooftops and poolside dining, for that extra level of durability and style. With its defining features of a bold black rim and random flecks throughout, Urban melamine is available in two colors: smoke and snow.

serving up cultural food trends

While hot pots have been an essential part of the Chinese dining culture for centuries, this unique concept has become a fast-growing restaurant food trend and we have two great options to accommodate. Our large hot pot is divided into 2-quart sections, allowing for two different broths to be simmering in the same vessel, making this a versatile option for diners who enjoy variety. While the small 1.6 quart hot pot is the perfect size for a small tabletop, and both sizes can be used with optional heat element bases or on induction cooking surfaces.
