

Pensive

Why... ?

I believe in art... I believe in its feeling...
That it lives...

Art is not art unless it moves the viewer...

I do not believe that art needs explanation...

I do not believe that an artist should explain
his intentions...

For the same reason you will see most of
my work remains untitled. Titles may de-
scribe the intended (past) but not the re-
sulting (present)...

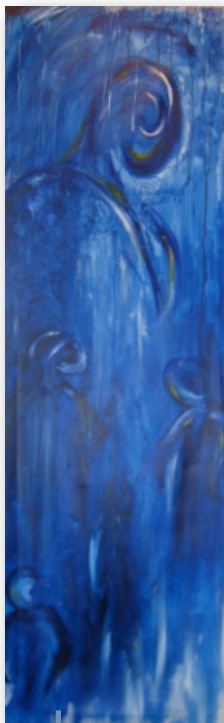

Art is experienced now.

My idea is simple: to make the viewer feel...

Make the viewer imagine... believe... dream.

If I achieve this ... then I can call myself an
artist...

The only way to accomplish this is by
reaching out to you.

HUGO E. JUAREZ – QUICK BIO :

Art... for me... is about creating...

I have been creating for as long as I can remember...

I started drawing caricatures around the age of 6, carrying a pencil and pad with me everywhere I went until I picked up a paint brush in high school.

In 2000, I graduated with a Minor in Fine Arts from Drew University, where I studied Painting, Print making, Ceramics, Photography, and Alternative Photography.

I continued working on my art in my “spare time” for nine years...until that was not enough.

This is now all I do...

In 2009, I started my Artistic Career.
